DELIVERY

Four core configurations, each made to measure for your exact wet-area dimensions. Plan views shown; choose your glass, finish and thickness on the next page.

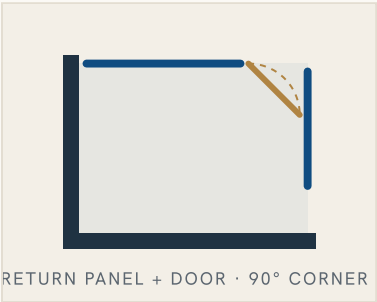

Partial / Walk-In

A single fixed glass panel — no door, no frame. The most open and airy option, and the easiest to clean. The natural choice for a minimalist, spa-like wet area.

- Frameless
- No swing clearance
- Easiest to clean

BEST FOR · OPEN LAYOUTS & MODERN MINIMAL BATHROOMS

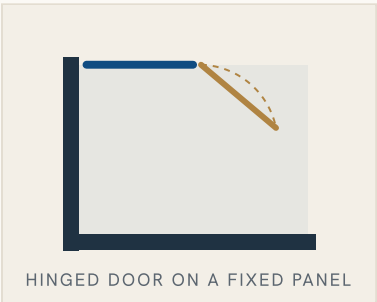

L-Shape

Wraps a 90° corner with a fixed return panel plus a door — the go-to configuration for corner wet areas, making full use of a square corner footprint.

- Corner-fit
- Fixed panel + door
- Space-efficient

BEST FOR · CORNER WET AREAS & STANDARD 4×6 LAYOUTS

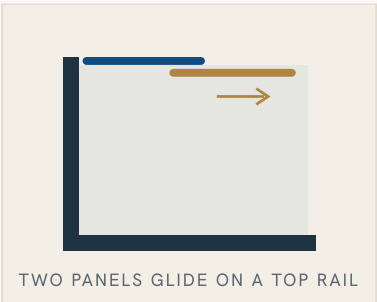

Swing Door

A classic hinged door on a fixed panel. Simple, solid and timeless — available in both frameless and framed builds to suit the room and budget.

- Hinged
- Framed or frameless
- Classic look

BEST FOR · ROOMS WITH DOOR SWING CLEARANCE TO SPARE

Sliding Door

Two panels glide on a top rail, so no swing clearance is needed. Ideal for tight bathrooms where a hinged door would foul fixtures or the doorway.

- Space-saving
- Top-rail glide
- Compact rooms

BEST FOR · NARROW OR COMPACT BATHROOMS

Every enclosure is configured along four axes — glass material, hardware colour, hardware finish and glass thickness. Prices below are add-ons over the base rate.

● Glass material

OPTION	CHARACTER	ADD-ON
Clear	Maximum light, fully transparent — the standard	Included
Frosted	Soft privacy with a diffused, matte look	+₹50
Tinted	Subtle smoked tone for a richer, moodier feel	+₹100
Fluted	Vertical-ribbed texture; on-trend, high privacy	+₹150

● Hardware colour & finish

SELECTION	DETAIL	ADD-ON
Chrome	Bright, classic — the standard PVD colour	Included
Matte black / Brushed brass	On-request PVD colourways for a designer finish	On quote
FINISH TYPE		
Glossy	Reflective polished surface — the standard	Included
Matte	Low-sheen, soft-touch finish	+₹100

All hardware is SS 304 stainless steel with a PVD coating tested for 500+ hours in hard-water conditions for a rust-proof finish.

● Glass thickness

THICKNESS	RECOMMENDED FOR	ADD-ON
8 mm	The standard — safe, strong, cost-effective; suits most installations	Included
10 mm	A denser, premium feel; enclosures over 2100 mm tall or frameless designs	+₹100/sq.ft
12 mm	Maximum solidity for large frameless spans	+₹200/sq.ft

OFFER

Free Nano Coating

Complimentary anti-stain nano coating — our hard-water-repellent glass treatment — on every order above ₹50,000, or on any order of 2 or more shower enclosures.

01

Browse & configure

Pick a type and spec your glass, finish and thickness with the online configurator — live pricing, no salesperson needed.

02

Quote in 24 hours

A specialist sends your final price, delivery estimate and installation options on WhatsApp, usually within the hour.

03

Delivered & installed

Catalogue items ship in 7–10 days; custom enclosures are ready within a 4-week lead time, then fitted by the install network.

Bathqube builds bathware for the way Indian homes are *actually constructed* — the wet corners, the 4×6 layouts, the hard water.

OUR STORY

Bathqube — a House of Vetrova brand — was born from a simple frustration: premium shower enclosures in India were either overpriced imports or low-quality local knock-offs. Rather than adapt European products to Indian spaces, the team measured hundreds of real bathrooms and spoke to plumbers, tilers and homeowners, then designed from scratch.

The result is bathware sized for the typical 4×6 ft Indian wet area, rated for hard water and high humidity, and cut to the exact millimetre of each customer's space.

MADE IN BENGALURU

Glass processing and mirror fabrication happen in-house at the company's own Bengaluru facility, where every pane of Saint-Gobain toughened glass is cut, tempered and inspected before it leaves the floor. No imports, no middlemen — direct from factory to bathroom.

Because Bathqube controls the full supply chain, it backs every enclosure with a 10-year structural warranty and a best-price guarantee: find it cheaper elsewhere and the difference is refunded double.

 Direct from manufacturer No distributors or showroom markups. Bathqube makes it, delivers it — you pay factory price.	 Best-price guarantee Found it cheaper elsewhere? The difference is refunded double, no questions asked.	 10-year warranty The longest structural cover in the category, backed by full in-house quality control.
 Custom-cut to size Every product is made to your exact wet-area dimensions — down to the millimetre.	 Hard-water rated PVD finishes and brass cores tested 500+ hours in hard-water conditions. Bengaluru-proof.	 Pan-India delivery Delivery to every major city; full installation support in Bengaluru, remote support elsewhere.

See it in person *before you buy.*

Touch the glass, compare finishes side by side, and talk to a specialist who has seen thousands of Indian bathrooms. Booking required.
